INDEX.

VOLUME VII.

ABDOMINAL disease in women, 625.
section, 90.
sections, ten, for ovariotomy and hysterectomy, 337.
surgery, successful, 331.
tumor resembling pregnancy, 3.
Abortions, and elixirs containing strychnine, 609.
and fever, 162.
induced by intestinal worms, 263.
septicæmia after, 21.
Abscess, arrest of threatened mammary, 271.
pelvic, 476.
Address, of President-elect, Dr. C. O. Wright, 127.
of retiring president. Dr. J. Trush, 124.
Adenolymphangitis, uterine, 586.
Africa, parturition in central, 486.
Albuminuria in pregnancy, significance of, 581.
Amenorrhœa, conception during, 28.
Amputation, supra-vaginal, of uterus for uterine fibroid, 598.
Anæmia, pernicious, in children, 447.
Anæsthetics, poisoning by, 612.
Ante-partum hemorrhage, 384.
hour-glass contraction of uterus, 408.
Antigalactagogue, iodide of potassium as an, 262.
Antiseptics in laparotomy, 580.
in midwifery, sulphate of copper as an, 328.
Aorta, rupture of during labor, 392.
Aphorisms, pediatric, 445.
Aspiration in suppurative pelvic peritonitis, 509.
Ataxia, hereditary, 500.
Atrophy, supposed acute yellow, of liver, with pregnancy, 427.
Avulsion, of the uterus, post partum, 621.
Axis traction, 152.

BATTEY'S operation, 21, 477.
Beef tea in delirium tremens 336.
BIBLIOGRAPHY:
Complete Obstetric Record, Minor, 56.
Diagnosis and Treatise on Diseases of the Heart, Paul- 614.

Transactions of the American Gynecological Society, 166.
Veterinary Medicine and Surgery, Kirby, 168.
Woman's Work in the Field of Medicine, 56.
Bichloride of mercury in diphtheria, 319.
Blindness following childbirth, 1.
prevention of in childbirth, 217.
Blunt hook causing compound fracture of thigh in newly born, 39.
Bone disease, relation of over-nutrition after acute fevers of childhood to, 462.
Bowels, obstruction of in pregnancy, 80.
Broke it, 157.
Bromide of ethyl in obstetrics, 207.

CÆSAREAN Section, 550, 604.
three fatal cases in India, 181.
Calculus, in a woman, large, 331.

Cancer, an inquiry into the cause of increase of, in England and Wales, 434.
hysterectomy for uterine, 611.
of uterus, palliative treatment of, 496.
Carbolic acid, post partum intra-uterine injections of, 281.
Carcinomatous stenosis of cervix uteri complicating labor, 28.
Casts, uterine, 423.
Catarrh, chronic nasal in children, 60.
Cervical fibroid, labor at sixth month complicated by, 599.
myoma, complicating pregnancy, 317.
Cervix uteri, cystic degeneration of, 325.
epithelioma of, 37.
hypertrophy of, 581.
labor complicated by carcinomatous stenosis of, 28.
malignant disease of, 110.
notes of two hundred and thirty cases of operation for laceration, 307.
parenchymatous injections into, 75.
vaginal hysterectomy for epithelioma of, 111.
Chloride of sodium in hemorrhage, 331.
Chloroform during labor, 36, 366.
Choleoystotomy, note on, 494.
Chorea in infants, 41.
Cocaine, muriate of, 661
Coccygodinia, renewal of coccyx, 151.
Conception during amenorrhœa, 28.
without intromission, 391.
Congenital lateropositions of uterus 584.
malaria, 334.
Convulsions in children, 42.
salaam, 658.
puerperal, 449.
Cord, a long, 207.
cotton dressing for, 328.
question of tying umbilical cord after labor, 616.
Coxitis, examination per rectum, 557.
Cranial bones of fetus removed from rectum, 589.
Croup 641.
Curette, use of intra-uterine, 637.
Curetting the uterus, 609.
Cystic degeneration of cervix uteri, 325.
lilomyoma uteri, 347.
Cyst, dermoid, of ovary, 428, 543, 570.
in pelvic cellular tissue, 422.
extra-ovarian, 150.
ovarian, 467.
removal of parovarian, 618.
rupture of ovarian, 25, 425, 597.

DELERIUM tremens, beef tea in, 336.
Delivery prevented by an enlarged fetal spleen, 206.
Dermoid cyst of ovary, 343, 428, 570.
in pelvic cellular tissue, 422.
Desperate surgery among women, 312.
Dilatation, digital, of os uteri during labor, 176.
forcible, for dysmenorrhœa, 438.
of uterine cavity, 636.
Diphtheria, bichloride of mercury in, 319.
tracheotomy in, 332.
Dipsomania, 198, 255.
Displacements, explanation of uterine, 244.
use of medicated tampons for uterine, 610.
Diversity, or modified heredity, 511.
Double ovariotomy, 531.
uterus and vagina, 261, 591.
Dysmenorrhœa and leucorrhœa, terebinthinated vapor baths for, 407.
forcible dilatation for, 438.
posterior section of uterine cervix in a virgin for, 57.
treatment of by dilatation, 214.

ECLAMPSIA gravidarum, 296.
puerperal, 294, 464, 468.
veratrum viride in 343.
Effusions, effect of pilocarpine on serous, 270.
Electric treatment of perimetritis, 587.
of uterine myomata 549.
Electricity in parturition, 321.
Endometitis, studies in internal, 242.
terminations of, 244.
treatment of, 640.
Epilepsy, menstrual, 617.
Epiphysitis, 435.
Epithelioma of cervix uteri, 37.
vaginal hysterectomy of cervix uteri for, 111.
Ergot in obstetric practice, 158.
rupture of uterus from, 560.
Ethyl bromide in obstetrics, 207.
Exanthematous disorders in the puerperal state, 178.
Excision of peritoneum, partial, 587.
Experience, remarkable obstetric, 326.
External manipulations in obstetric practice, 6.
Extirpation of the tonsils, 276.
benign tumors of the breast, 271.
Extra-ovarian cyst, 150.
Extra-uterine pregnancy, 22, 323, 327, 492.
five cases operated on at time of rupture, 387.
operative treatment of, 581.
pathology and treatment of, 480.

FEBRILE affections of children, distinctions in, 273.
Feeding of infants, 441.

Fetal extensions and retroflexions in pregnancy, 471.
spleen, delivery prevented by an enlarged, 206.
Fetus, arrested development of twins, 25.
cranial bones of removed from rectum, 589.
macerated twin, 82.
remaining 55 years in body of its mother, 30.
when is it a human being? 327.
Fever and abortion, 162.
puerperal, carriers of infection in, 494.
prevention and treatment of, 91, 137.
statistics of in Denmark, 585.
treatment by cold baths, 587.
relation of bone disease to over-nutrition after, 462.
scarlet, quinine in, 612.
wet pack in, 112.
Fibro-cystic myoma of uterus and septic-æmia 469.
tumor of uterus without hemorrhage, 561.
Fibroid tumors, improved method of treating pedicle in removal of, 367.
inversion of uterus and difficulty of diagnosis of uterine, 318.
labor at sixth month complicated by cervical, 599.
Porro's operation for, 179.
submucous and interstitial uterine, 81, 359.
supra-vaginal amputation of uterus for uterine, 598.
Fistula, gastro-nephritic 588.
in ano, a new method of operating for, 208.
Foods, study of nutritive value of branny, 398.
Forceps and Bunn's uterine supporter, 455.
in breech presentations, 260.
Lazarewich's 205.
needle, 424.
take them with you, 340.
the Tarnier, 184.

GANGRENE during pregnancy, 25.
Gastro-nephritic fistula, 588.
General malaise of run down women, 505.
Gestation, extra-uterine, 323, 492
Globus hystericus, 497.
Gravidarum, eclampsia, 296.
Growing period, concerning pains in head during, 275.

HAIR PIN in the uterus, 621.
Hemorrhage, ante-partum, 384.
chloride of sodium in, 331.
fatal umbilical, 555.
Hemorrhage, duration of menstrual, in relation to development of fetus at term, 447
hot water injection in post partum, 160.
post partum, 557.
vinegar in 259.
uterine 543.
Hemorrhoids and protocele, sulphate of iron in, 263.
Hereditary ataxia, 500.
"Heredity," 225.
diversity or modified, 511.
Hernia and prolapse of vagina, 320.
inguinal, in a male infant—herniotomy, 654.
Hospital, Dr. R. S. Sutton's private, 53.
ovariotomy, 157.
Hydramnios, acute, 534.
Hydrastis canadensis in uterine diseases, 216.
Hydro-salpinx and pyo-salpinx, 354.
Hypertrophied uterine mucous membrane, 353.
Hypertrophy of cervix uteri, 581.
of uterus, 637.
Hysterectomy, 337, 356.
for epithelioma of cervix uteri, 111.
for uterine cancer, 611.
Hysteria, treatment of, 215.
Hystericus, globus, 497.
Hystero-trachelorrhaphy, study of 142 cases of, 572.

IDIOCY in the offspring, on strong mental emotion affecting women as a cause of, 322.
It broke, 157.
Induction of premature labor, 83.
Infants chorea in, 41.
compound fracture of thigh in newly born, by blunt hook, 39.
condition of navel cord noticed, 470.
convulsions in, 42, 658.
feeding of, 441.
malarial poisoning in new-born, 153.
management of new-born, 611.
mortality preventive of, 48.
most approved method of treating, born at seventh month of gestation, 80.
notes on resuscitation of new-born, 612.
pernicious anæmia in, 447.
polypus of the larynx in, 202.
value of certain single symptoms in treatment of diseases of, 498.
Infantile leucorrhœa, 40.
Infection, carriers of, in puerperal fever, 494.
Inflammation, pelvic, 526.
Influence of age on labor of primiparæ, 390.

Injections into uterine tissue, 35.
of hot water in post partum hemorrhage, 160.
parenchymatous, into cervix uteri, 75.
uterine, 249.
vaginal, in puerperis, 413.
Insane, utero ovarian disease among, 54.
Insanity, puerperal, three cases of, with remarks, 169, 188.
Intermittent uterine contractions, 551.
Intra uterine injection of carbolic acid, post partum, 281.
myoma, laparotomy for, 316.
therapeutics, 635.
use of iodoform, 270.
Inunctions in febrile affections of children, 273.
Inversion, chronic, of uterus, 83.
of uterus, intra uterine fibroid, and difficulty of diagnosis, 318.
Involution of the puerperal uterus in absence of ovaries, 470.
Iodide of potassium as an antigalactagogue, 262.
Iodoform, intra uterine use of, 270.
Irrigation, intra uterine, 639.
Is pilocarpine possessed of oxytocic qualities? 304.

LABOR at end of seventh month without rupture of fetal sac, 262.
at sixth month complicated by cervical fibroid, 599.
chloroform during 36, 366.
induction of premature, 83.
influence of age on primiparæ, 390.
is it necessary to permit women to suffer during first stages, 456, 602.
management of protracted, 363.
management of third stage, 583.
rate and cause of mortality in one thousand cases of, in private practice, 382.
rupture of aorta during, 392.
sudden death during, 382.
premature, for contracted pelvis, 291.
Laceration of cervix uteri, notes of two hundred and thirty-one cases of operation for, 307.
of female sexual organs, causes and prevention, 568.
Lactation and weaning, duration of, 556.
Laparotomy, 31.
antiseptics in, 580.
exploratory, and removal of uterine appendages, 630.
for intra uterine myoma, 316.
for subperitoneal myoma, 317.
in uterine myomata, 548.
Larynx, disease of stomach in children with affection of, 274.
Leucorrhœa and dysmenorrhœa, terebinthinate vapor baths in, 407.
infantile, 40.
Liver, supposed acute yellow atrophy of, with pregnancy, 427.

MACERATED twin fetus, 82.
Malaise of run down women, general, 505.
Malaria, congenital, 334.
Malarial poisoning in a newborn babe, 153.
Malformation of female sexual organs resulting from arrest of development, 382.
Malignant disease of cervix uteri, 110.
Mammæ, supernumerary, 241.
Mammary abscess, arrest of, 271.
Management of newborn infants, 611.
of protra ted labor, 363.
Mania, puerperal, 393.
Manipulations, external, in obstetric practice, 6.
Mastitis, puerperal, 325.
Membrane, hypertrophied uterine mucous, 353.
Meningitis, tubercular, 442.
Menopause, significance of metrorrhagia about and after, 152.
Menstrual epilepsy, 617.
hemorrhage, duration of in relation to development of fetus at term, 447.
Menstruation, a new hypothesis concerning, 243.
and ovulation, 365.
Mental emotion affecting women as a cause of idiocy in the offspring, 322.
Metrorrhagia, significance of about and after menopause, 152.
Muriate of cocaine, 661.
Myoma, cervical, complicating pregnancy, 317.
fibro-cystic, of uterus, 469.
intrauterine, laparotomy for, 316.
subperitoneal, removed by laparotomy, 317.
uterine. 634.
Myomata, electric treatment of uterine, 549.
laparotomy in uterine, 548.
Myomotomy, 431.

NASAL catarrh in children, 60.
Navel cord, condition of, noticed in young infant, 470.
Needle forceps, 424.
trachelorrhaphy, 317,
Night terrors in children, 657.
Nocturnus, pavor, 444.

OBSTETRIC experience, remarkable, 326.
practice, external manipulation in, 6.

Obstruction of bowels in pregnancy, 80.
Oöphorectomy, 550, 571.
salpingo, 314.
Os uteri, corroding ulcer of, 239.
digital dilatation of, during labor, 176,
internum, anatomy, physiology and pathology of, 26.
Ovarian cyst, 467.
rupture of, 25, 425, 597.
pain, the so-called, 660.
tumor, 626.
early and late removal of, 551.
in a child, 501.
papillomatous, affecting the peritoneum, 426.
Ovaries, dermoid cyst of, 428, 543, 570.
involution of the puerperal uterus in absence of, 470.
morbid changes in, in certain diseases, 269.
Ovariotomists, statistics of British, 53.
Ovariotomy, 337, 457.
a year's work in, 85.
death without reaction after, 530.
double, 531.
early performance of, 582.
hospital, 157.
in infancy, 217.
on a child of 8½ years, 332.
successes, 164.
Ovariotomies, Tait's, 329.
Ovulation and menstruation, 365.

PAINS in the head during the growing period, 275.
the so-called ovarian, 660.
Parenchymatous injections into cervix uteri, 75.
Papilloma of vagina, 596.
Parovarian cyst, removal of, 618.
Parturition, electricity in, 321.
in Central Africa. 486.
sudden death after, without apparent cause, 491.
Pavor nocturnus, 444.
Pediatric aphorisms, 445.
Pelvis, premature labor for contracted, 291.
Pelvic abscess, 476.
inflammations, 526.
surgery, recent advances in, 263.
Perfect ovum absorbed at end of fourth month, 192.
Perimetritis, new electric treatment of, 587.
Perineum, on supporting, 254.
rupture of, repaired, 466.
Peritoneum, papillomatous ovarian tumor affecting the, 426.
partial excision of, 587.
Peritonitis, aspiration in suppurative pelvic, 509.
Peritonitis, chronic, 315.
puerperal, 181, 234, 236.
Pertussis, treatment of with sulphuric acid, 113.
Pilocarpin, effect of, on serous effusions, 270.
is it possessed of oxytocic qualities? 304.
Placenta, removal of, 192.
succenturiata, 25.
prævia, 356, 489, 542.
centralis, 129.
combined method of turning, 204, 493.
Placental polypus simulating malignant disease of uterus, 619.
Pleura, affections of, in diseases of female reproductive organs, 269.
Poisoning by anæsthetics, 612.
in a newborn babe, malarial, 153.
Polypus of the larynx in an infant, 202.
placental, simulating malignant disease of the uterus, 619.
uterine, 82, 563, 564.
simulating pregnancy, 562.
Porro's operation for fibroid tumors of the uterus, 179.
Postpartum avulsion of uterus, 621.
hemorrhage, 557.
intrauterine injections of carbolic acid, 281.
Posterior section of uterine cervix in a virgin for dysmenorrhœa, 57.
Practice, cases from, 2, 155.
ergot in obstetric, 158.
Pregnancy, abdominal tumor resembling, 3.
cervical myoma complicating, 317.
fetal extensions and retroflexions in, 471.
gangrene during, 25.
obstruction of bowels in, 80.
operative treatment of extra-uterine, 581.
significance of albuminuria in, 581.
supposed acute yellow atrophy of liver with, 427.
uterine polypus without hemorrhage simulating, 562.
vomiting of, 206.
extra-uterine, 22, 327, 387.
pathology and treatment of, 480.
Premature labor for contracted pelvis, 291.
induction of, 83.
Pre-natal influences affecting the teeth, 49
Presentations, forceps in breech, 260.
singular case of, 136.
Prevention of blindness in children, 217.
Primiparæ, influence of age on labor of, 390.
Prolapse of vagina and hernia, 320.
Prophylactic measures in diseases of respiratory tract in children, 659.

Protocele and hemorrhoids, sulphate of iron in, 263.
Pruritus, veratria in, 497.
Puerperal convulsions, case of, 449.
eclampsia, 294, 464, 468.
veratrum viride in, 343.
fever, carriers of infection in, 494.
in Denmark statistics of, 585.
prevention and treatment of, 91, 137.
treatment of by cold baths, 587.
insanity, three cases of, with remarks, 169, 188.
mania, 393.
mastitis, 325.
peritonitis, 181, 234 236.
septicæmia, 234, 235, 361, 518.
state, exanthematous disorders in, 178.
Puerperis, vaginal injections in, 413.
Pyo-salpinx and hydro-salpinx, 354.

QUININE in scarlet fever, 612.
subcutaneously administered, 230.

RAPID dilatation of uterine canal, 565.
Recent advances in pelvic surgery, 263.
Remarkable obstetric experience, 326.
Removal of the placenta, 192.
Respiratory tract of children, prophylactic measures in diseases of, 659.
Resuscitation of newborn infants, 612.
Retroversion of gravid uterus, 591.
Rupture of aorta during labor, 392.
of ovarian cyst, 25, 425 597.
of repaired peritoneum, 466.
of uterus, 386, 387, 622.
from ergot, 560.

SALAAM convulsions, 658.
Salicylate of sodium, action of, on the uterus, 331.
Salpingo-oöphorectomy, 314.
Scarlet fever, quinine in, 612.
wet pack in, 112.
Septicæmia and fibro-cystic myoma of uterus, 469.
after abortion, 21.
puerperal, 234, 235, 361, 518.
